

**Pivotal Software, Inc.**  
**Corporate Contributor License Agreement**

In order to clarify the intellectual property license granted with Contributions from any person or entity, Pivotal Software, Inc. ("Pivotal") must have a Contributor License Agreement ("CLA" or "Agreement") on file that has been signed by each Contributor (as defined below), indicating agreement to the license terms below. This license is for the protection of Contributors as well as the protection of Pivotal and its users; it does not change the Contributor's rights to use its own Contributions for any other purpose. This version of the CLA allows an entity (the "Company") to submit Contributions to Pivotal, to authorize Contributions submitted by its employees to Pivotal, and to grant Pivotal copyright and patent licenses to such Contributions. If Company has not already done so, please complete, sign, scan and submit a PDF copy of the signed Agreement to [contributors@cloudfoundry.org](mailto:contributors@cloudfoundry.org). The original signed Agreement should be sent to:

In consideration of the opportunity to participate in the community of contributors to Pivotal's Cloud Foundry project, Company accepts and agrees to the following terms and conditions for Company's present and future Contributions submitted to Pivotal. Except for the license granted herein to Pivotal and recipients of software distributed by Pivotal, Company reserve all right, title, and interest in and to Company's Contributions.

● **Definitions.**

"Company" shall mean the legal entity that is making this Agreement with Pivotal. All other entities that control, are controlled by, or are under common control with that entity are considered to be a single Contributor. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or

(iii) beneficial ownership of such entity.

"*Contribution*" shall mean any original work of authorship, including any modifications or additions to an existing work, that is intentionally submitted by Company to Pivotal for inclusion in, or documentation of, any of the projects owned or managed by the Pivotal (the "Project"). For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to Pivotal or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, Pivotal for the purpose of discussing and improving the Project, but excluding communication that is conspicuously marked or otherwise designated in writing by Company as "Not a Contribution."

- **Grant of Copyright License.** Subject to the terms and conditions of this Agreement, Company hereby grants to Pivotal and to recipients of software distributed by Pivotal a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare derivative works of, publicly display, publicly perform, sublicense, and distribute Company's Contributions and such derivative works.
- **Grant of Patent License.** Subject to the terms and conditions of this Agreement, Company hereby grants to Pivotal and to recipients of software distributed by Pivotal a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section), patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Project, where such license applies only to those patent claims licensable by Company that are necessarily infringed by Company's Contribution(s) alone or by combination of Company's Contribution(s) with the Project to which such Contribution(s) was submitted. If any entity institutes patent litigation against Company or any other entity (including a cross-claim or counterclaim in a lawsuit) alleging that Company's Contribution, or the Project to which Company has contributed, constitutes direct or contributory patent infringement, then any patent licenses granted to that entity under this Agreement for that Contribution or Project shall terminate as of the date such litigation is filed.
- Company represents that Company is legally entitled to grant the above license. If Company's employees have rights to intellectual property that are included in Company's Contributions, Company represents that it has received permission to make Contributions on behalf of such employees, that such employees have waived such rights with respect to such Contributions to Pivotal, or that such employees have executed a separate CLA with Pivotal.
- Company represents that each of Company's Contributions is Company's or its employees' original creation (see section 7 for submissions on behalf of others). Company represents that Company's Contribution submissions include complete details of any third-party license or other restriction (including, but not limited to, related patents and trademarks) of which Company is aware and which is associated with any part of Company's Contributions.
- Company is not expected to provide support for Company's Contributions, except to the extent Company desires to provide support. Company may provide support for free, for a

fee, or not at all. Unless required by applicable law or agreed to in writing, Company provides Company's Contributions on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE.

- Should Company wish to submit work that is not Company's original creation, Company may submit it to Pivotal separately from any Contribution, identifying the complete details of its source and of any license or other restriction (including, but not limited to, related patents, trademarks, and license agreements) of which Company is aware, and conspicuously marking the work as "Submitted on behalf of a third-party: [named here]".
- Company agrees to notify Pivotal of any facts or circumstances of which Company becomes aware that would make these representations inaccurate in any respect.
- This Agreement is governed by the laws of the State of California, without regard to its choice of law provisions, and by the laws of the United States. This Agreement sets forth the entire understanding and agreement between the parties, and supersedes any previous communications, representations or agreements, whether oral or written, regarding the subject matter herein.
- The person executing this Agreement below on behalf of Company represents that she/he has the authority to sign on behalf of, and bind Company to the terms and conditions of, this Agreement.
